Terms of reference for appointment of consultant for Horticulture census Work

1) Background :- Maharashtra is leading horticulture state in India. Diversified Agro climatic condition of Maharashtra is favorable for growing of fruits, vegetables, flowers and medicinal & aromatic plants. Area under horticulture crops is around 25.00 lakh ha.through out the state. The state is implementing several schemes like N.H.M., micro irrigation and E.G.S. linked hortculture plantation program in the state. As a result of this, area under horticulture crops is increasing rapidly. The accurate area under horticulture crops is not available at this stage to plan requirement for domestic, export and processing.

Hence it is necessary to know actual productive area, production & productivity of horticulture crops. Considering this Government has decided to undertake horticulture census in the state.

Horicultural Census will be carried out with the help of departmental field staff. The information regarding area, production and productivity of horticulture crops will be collected in the prescribed format designed by the department. The software will be prepared with the help of N.I.C. It is proposed that data collected will be entered on line at taluka level. The data available will have to be compiled and analysed at state level and on the basis of this data census report will be prepared.

It has been decided to oppoint consultant for facilitation of horticulture census.

2) Scope of services:- The consultant shall assist to the Director of horticulture on all matters related to horticulture census. The specifict task would include the following activities.

1) To provide input for preparation of software for horticulture census.
2) Compilation of data and analysis.
3) To prepare the draft report in Marathi & English in consultation with officers of Agriculture department.
4) To finalise the recommendations regarding area exapansion, processing, marketing.
5) Any other work related to this as desired by the Director of Horticulture.

3) Experience:-

1) The consultant should have an experience of data analysis and report writing & should have sufficient manpower.

4) The consultancy term :- The assignment is tentatively for period of six months purely on contractual basis. The tennure may continue further at the discretion of the Commissioner Agriculture on the basis of project requirment & the performance of the consultant.

5) Emoluments:- The consultancy charges and mode of payment will be decided at the time of finalisation of proposal .
